*2.00 pm, SEN Lab*

Absentees: None

## **Agenda**

- Spend the lab time to elaborate on the idea of a DA dashboard to prepare a project proposal.

## **Points discussed and decided**

- Student customizable dashboard to allow them to personalize and choose from a set of widgets.
- Ask them as to what DA portals do they use the most.
- Listed about 36 Features that we discussed and noted them down with the kind of functionalities the team can pitch.
- Next step would be to interview our client that is the student community and the admin of DA-IICT.
